

INTRODUCTION

This issue of *Logique et Analyse* contains eight papers presented at the third Conference of the Dutch-Flemish Society for Analytic Philosophy/*Vereniging voor Analytische Filosofie*. The conference was held at Tilburg University in January 2009; more than 60 speakers presented papers on “New Trends in Philosophy of Language”, the chosen theme of the conference.

The guest editor would like to thank the editors of *Logique et Analyse* and especially Jean Paul Van Bendegem for having accepted the publication of this first of two volumes, and the Scientific Committee of the VAF conference which also acted as referees: Lieven Decock, Igor Douven, Leon Horsten, Erik Myin, Jeanne Peijnenburg and René Van Woudenberg.
